

# Tojo And Jap Aides Branded As "Assassins" In War Trials

Tokyo, June 4 (AP)—War-starting Hideki Tojo and 25 other deposed Japanese militarists today were branded "assassins" who ruled the "most treacherous and perfidious nation" of all time and who sought to dominate the world.

Chief Prosecutor Joseph B. Keenan made the charges in a 15,000-word opening statement at their war crimes trial before a 10-judge international military tribunal.

Keenan said that ever since 1904, when Japan sprang a surprise attack on Russia at Port Arthur that the entire world realized such action "is intolerable."

**"Common Felons"**  
The florid American prosecutor described the defendants as "common felons who deserve and will receive the punishment for ages meted out in every land to murderers, brigands, pirates and plunderers."

He said that Pearl Harbor, Hong Kong and Mukden "are all part of one grand pattern, and the vice of it consisted in the exhibition of utter contempt for the lives of blameless and helpless individuals all over the world."

Tojo and the other defendants, sitting in the brightly-lighted prisoners' dock, listened intently through headphones to a translation of Keenan's charges.

Keenan, noted for flights of oratory, delivered the entire 15,000-word statement in quiet tones. After he finished, court recessed until June 13 to permit defense counsel more time to prepare its case.

**Charges Murder**

He said he would prove Japanese air attacks on the United States and British gunboats Panay and Ladybird, were "evidence of wanton, reckless disregard for life and property and a demonstration to the Chinese people of the power and efficacy of Japanese arms."

He indicated a prosecution plan to place individual blame when he said that during hostilities murder was so widespread that it must be assumed that orders for the killings came from high circles.

He said further:  
"It is our contention that the taking of a single life intentionally and without the sanction of law constitutes murder."

## ASK TO BE TAKEN INTO BOROUGH

Borough council Monday night referred to its ordinance committee a petition from nearly 40 property owners in the south end of the borough for annexation, and directed Borough Engineer LeRoy H. Winebrenner to prepare a drawing of the area.

The annexation petition was presented and explained by Atty. Daniel E. Teeter. Five of the property owners involved were present at the council meeting.

The land which these property owners want included within the borough limits lies along Steinwehr avenue ext'd., in Cumberland township, on both sides of the Emmitsburg road for a distance of approximately 180 feet on the east side and 170 feet on the west side, and extends to the Taneytown road.

Mr. Teeter said the action of the petitioners was "practically unanimous," and that all but six property owners within the territory involved signed the petition.

## OLD HOME WEEK IN GETTYSBURG IS SUGGESTED

The directors of the Gettysburg Chamber of Commerce have under consideration a "Gettysburg Old Home Week" program proposed by John D. Lippy, Jr. The proposal was presented to the directors at their June meeting Monday evening in their offices in the Kadel building.

Mr. Lippy proposes a week's observance to commemorate the "Gettysburg Old Home Week" program beginning on a Sunday and continuing through the following Sunday.

He proposes:  
Sunday: Church Day. Special services in each church in the morning and a combined service in the evening on East Cemetery Hill or indoors if inclement weather prevails.

Monday: Firemen's Day, including a parade of all county firemen with free vaudeville acts in the afternoon and evening.

Tuesday: Community Day. All county communities to be invited, manufacturers to erect appropriate displays and free acts in the afternoon and evening.

Wednesday: Merchants' Day, also to be known as Special Events day. Thursday: Military and Lodge Day (Veterans' Day). A military parade and open house for all veterans. Free vaudeville.

Friday: Farmers' Day to include a special Farmers parade with prizes, farm displays and free vaudeville.

Saturday: Gala Day, which would include a costumed parade, colorful floats, block parties and dances.

Mr. Lippy also proposes that town residents invite former residents to return for the week, that churches invite former members who have moved out of town to participate in the affair.

An extensive advertising and publicity program is also embraced in the plan.

The Chamber directors will give further consideration to the suggestion and secure an estimate as to the approximate cost.

## Countian Gains Honors At York

Miss Lillian H. Mickley, daughter of Mrs. Ruth Haar Mickley, near New Oxford, who will be among the graduates on Friday evening at the William Penn high school, York, has been the recipient of two cash prizes during the past month as a tribute to her excellence as an English student.

During the week she was awarded a \$25 Saving Bond by the Ladies' Auxiliary of the York Chapter of the Veterans of Foreign Wars for a recently submitted essay. She was also awarded \$25 at a farewell program at her high school, in honor of the senior class, last week, as the Catherine Baker Comroe Memorial prize.

The New Oxford girl was granted the latter prize on the basis of high scholastic rating, characteristics of a highly satisfactory "all-round student," outstanding achievement in creative writing, public speaking, dramatics and leadership of the junior "Town Meeting Group" of the high school, which has appeared at high school assemblies, civic meetings and radio programs.

## Tentative Plans Ready For Legion

Tentative plans for the remodeling and enlargement of the home of the Albert J. Lentz Post No. 202, American Legion, on Baltimore street, will be presented by Alfred Hamme, member of the firm of John B. Hamme, York architects, to the building committee of the post tonight.

Adjoining property was acquired several weeks ago by the Legion to considerably enlarge its present quarters. While officers of the post said there had never been any figure on the cost of the proposed work, it had been unofficially estimated that it might cost \$75,000.

Members of the building committee include William Timmins, Harry Troxell, Joseph Smith, trustees; Morris Gitlin, Howard Hess, Cletus Smith, Albert Cardenti and Commander W. A. Geiselman, member ex-officio.

## Thief Takes Pen Along With Hen

The thief who removed a chicken owned by Harry Wentz, York street, sometime Monday night or this morning was very considerate of the bird's comfort, local police concluded today.

It seems the person taking the chicken, a Rhode Island Red hen, removed the roof to the chicken's enclosure, the wire screening that formed the sides of the pen. The chicken, which had gone "broody" had been confined alone.

## SPEAKER CITES AVERAGE MAN'S PART IN PEACE

"World peace will not be made by politicians, it must find its foundations in the hearts and minds of all men," the Rev. H. W. Weber, pastor of Advent Lutheran church, East York, told members of the local Rotary club at their regular meeting in the YWCA Monday evening.

Speaking on "The Value of Your Thoughts," the East York preacher declared that "race and economic problems can never be solved by war. Our own Civil War proved that race questions cannot be solved by war. The only solution to such problems lies in the hearts and minds of all people in the world. Each of us is a little cell of influence. To each of us someone listens. We share our thoughts, and thus we become an influence for good or evil. No law or war will solve any of the world's great problems, all must be solved by the thinking of men and women like us, on our level. What America does, what the world does, is based on the thinking of the average man. There is no country in the world where the leaders do not attempt to find out what the average person is thinking, and all, even the dictators, follow that thought. They try to mold it, it is true, but the minds of men must be ready for dictators, before they can take power."

## Definite Laws of Thought

"We think too often in terms of the United States and not often enough of the world. When one begins to think 'Why am I an American?' he finds usually only the answer that he was born here. If one were born a German, or a Russian, what would his outlook be? And I am afraid that most of us would think as Russians or Germans, if we had been born in those countries."

"There are definite laws regarding man's thought; as he thinks so he is. As food entering the body becomes part of all of it, so thought, entering the mind, becomes part of all of the mind. Thus our thoughts of bitterness and hate and envy become part of our mind, and are never lost. Under hypnosis men can remember everything that ever happened. The subconscious mind remembers everything. Thus the kind and type of thing you feed your mind will determine what you are."

Thirty-five members and guests attended with Dr. C. Harold Johnson presiding.

A new fire plug was directed to be installed at East Lincoln and Fourth streets.

Council referred to its purchasing committee, with power to act, the question of buying additional hose for the fire company, through the Surplus Commodities corporation, a federal surplus property agency. **Stallsmith on Youth Committee**  
The request of borough laborers for an increase in hourly wage rate from 58 to 65 cents an hour was referred to the finance committee. The matter was presented by Mr. Winebrenner, who said the employees had asked him to bring their request to the attention of the council.

Councilman Stallsmith was named as a member of the Youth Center committee, in place of Councilman Joseph D. Kendlehart, resigned. Other member is Councilman H. L. Oyler.

Council referred to the safety committee consideration of the two 2,000-gallon gasoline tanks at the Hankey and Plank garage, York street. A borough ordinance prohibits installation within the borough of tanks of more than 1,500 gallon capacity, Burgess Heiges said. The tanks, he added, were installed with the mistaken idea that the property was outside the borough.

The monthly report of Chief of Police Robert C. Harpster showed 37 arrests in May, 17 for motor violations, 15 for drunk and disorderly, one for surety of the peace, one for assault and battery, three for resisting arrest. ## COUNCIL LACKS CANDIDATE FOR 'LAUREL QUEEN'

For lack of a candidate, borough council Monday night tabled an invitation to send a Gettysburg girl to the fifth annual interstate laurel festival at Wellsboro June 21.

The invitation was presented to the council by Burgess C. A. Heiges, but no one knew of a possible local contender for the honor of being queen of the festival and the \$100 cash award which will go with the crowning of the "queen."

Representatives of various boroughs have been invited to be guests of Wellsboro for the festival. In addition to the \$100 cash award for the winner of the contest, the runner-up will receive \$25.

**Workmen Ask Raise**

## BOARD VOTES \$75 TO CO. LIBRARY

The Adams County Free Library book fund, to which several Adams county schools already have contributed to purchase books for circulation among the school children of the county through the bookmobile, was enriched by \$75 by the Mt. Pleasant township school board, at its meeting Monday night.

This was an amount in excess of what had been recommended by the county board of school commissioners at a recent meeting. The board recommended that schools give their own annual book fund, usually \$10 a year, to the library.

The motion was made by Philip Wagaman, vice president of the Mt. Pleasant board, and adopted unanimously. Other members of the board are Charles F. Myers, Joseph A. Chrimer, John Clabaugh and George Gebhart.

The schools in the township are St. Joseph's parochial school, Bonneauville; Mt. Fairview, Mt. Vernon, White Hall and Brush Run public schools.

## WIVELL DENIES KNOWLEDGE OF SHEELY MURDER

Wivell was said by Frederick county officials today to have admitted going out with Sheely, apparently on Thursday night, but he was said to be unable to remember anything that happened on Friday evening in connection with the murder.

A Frederick county deputy sheriff was quoted as saying that a pocketbook believed to contain a sum of money was missing from Sheely's person and one of his pockets was turned inside out when he was found, but the pocketbook was not found on Wivell, nor was it to be found in the vicinity of the fight.

James Wivell, 23, Emmitsburg World War II veteran, has yet to make a formal statement on the fatal injury of Morris Sheely, 46-year-old Emmitsburg laborer, last Friday, the Frederick station of the Maryland state police said this morning.

Wivell was charged Saturday with the murder of Sheely with Sgt. W. K. May of the Frederick state police swearing out the warrant against the Emmitsburg resident.

The former soldier is being held in the Frederick county jail without bail, awaiting the action of a grand jury for court trial unless he specifically requests a preliminary hearing.

Wivell was said to have gotten into a fight Friday evening with Sheely and to have beaten him. Then he was said by an eye witness to have dragged Sheely to Flat Run, along the banks of which the fight had occurred, and to have thrown Sheely into the stream. He then threw rocks at Sheely's head, the witness, Donald Topper of Emmitsburg, said.

An autopsy into the death Friday night disclosed that Sheely had died of head injuries.

## Farmers Receive Data On Spraying

Adams county farmers received their new spray service letter from Farm Agent M. T. Hartman today covering the control of codling moth and other fruit and foliage eating insects, and began their spraying against insects and against apple scab, brook's spot and sooty blotch.

"A little more than half the overwintering codling moth worms have now produced moths," Mr. Hartman said. "The remainder will emerge rapidly with warm weather. The fruits must be kept thoroughly covered with spray to prevent first generation worms from entering them."

"Scab can be found on leaves and fruit in many orchards. The summer sprays have been washed from scab lesions to new growth by recent rains. Thorough coverage is required to prevent further spread to rapidly enlarging fruit."

## NEW ORDINANCE CHANGES SOME PARKING RULES

Parking of vehicles on the south side of Breckenridge street or South street, or on the north side of West Middle street between Baltimore and Washington streets, or on the west side of North Washington street from Chambersburg street to a point 76 feet south of the curb line of Railroad street, is prohibited in a new traffic and parking ordinance adopted by borough council Monday night.

The ordinance, embodying several changes from the old measure, was presented by the safety committee, adopted by council and approved by Burgess C. A. Heiges. It becomes effective immediately. The ordinance provides, among other things, that it shall be unlawful:

To park or leave standing any vehicle on any street with either of the front wheels a greater distance than 12 inches from the curb nor within two feet of another standing vehicle, except in Center Square.

## Other Regulations

To park or leave standing any vehicle in Center Square with either of the front wheels a greater distance than 12 inches from the curb.

To park or leave standing any vehicle on any sidewalk or alley in the borough.

# GUFFEY, RICE SCORE GOP AT PITT BANQUET

Pittsburgh, June 4 (AP)—U. S. Senator Joseph P. Guffey, opening the state Democratic election campaign at a Jefferson Day dinner here last night, predicted a majority for himself and the rest of the state ticket of "not less than 250,000 votes."

Speeches of Guffey and the three other state-wide candidates were sharp and bitter in their references to Republican opposition—indicating a fall campaign of the same tenor.

Guffey, seeking re-election, said the Democrats emerged from the primary with "no wounds" to be healed but had "a real battle ahead" in "the crusade for continuance of Roosevelt democracy."

## Rice Raps GOP

John S. Rice of Gettysburg, Democratic nominee for governor, charged that the state Republican administration has "done nothing" to assist the veterans or help solve the housing crisis except to "cry out, from one side of its mouth, 'states' rights' and then, from the other side: 'that's a federal responsibility.'"

"He declared Republican officials have done a lot of 'talking in generalities.'" This he called "the behavior pattern of an administration which is consciously rigged to fool the people—to fool them with high-sounding platitudes, copy-book moralisms, soft answers and perpetual expressions of sympathy."

Al Schmidt, candidate for secretary of internal affairs, and State Senator John D. Dent, candidate for lieutenant governor, discussed the veterans' bonus issue. Dent asserted that Governor Martin is against a bonus "because it's a handout," while Attorney General James H. Duff "is for it."

More than 1,100 attended the \$10-a-plate political dinner.

# AT STATE PARLEY ON RURAL ROADS

John R. Hamm, New Oxford, president of the Rural Letter Carriers' association of Pennsylvania, was among officers of "rural organizations" in the state attending a conference at Harrisburg last week to discuss means of making use of federal funds for a rural road improvement program.

The meeting was a result of the new Highway department administration's interpretation of the Federal Aid Highway bill under which as much as \$11,000,000 might become available for rural road work in the state. Previously interpreted as intended for main highway construction, the conferees pointed out that no effort previously had been made to touch a \$250,000 part of the \$11,000,000 designated for rural roads and involving a requirement that townships match federal funds.

H. A. Thomson, state secretary of the road supervisors' association, and Ray F. Smock, new secretary of highways. It was developed at the conference that Pennsylvania is one of three states in the nation ignoring the offer of rural road aid by the federal government. Another meeting of the group is planned after more information is secured.

# JIM CROW LAW IS OUTLAWED

Washington, June 4 (AP)—Southern states looked to their "Jim Crow" laws today in the light of a Supreme Court ruling brushing aside Virginia's statute requiring segregation of negroes on interstate buses.

The court, in its 6-1 decision, said the Virginia law imposes an undue burden on interstate commerce and therefore is unconstitutional.

Dissenting Justice Burton said that on yesterday's precedent similar laws in nine other southern states—North Carolina, South Carolina, Georgia, Alabama, Mississippi, Louisiana, Arkansas, Texas and Oklahoma—could be held invalid.

# Fractures Wrist In Fall Monday

# What Is Wrong When Prayer Fails?

Thirty years ago, in Forbidden Tibet, behind the highest mountains in the world, a young Englishman named Edwin J. Dingle found the answer to this question. A great mystic opened his eyes. A great change came over him. He realized the strange Power that Knowledge gives.

Within ten years, he was able to retire to this country with a fortune. He had been honored by fellowships in the world's leading geographical societies for his work as a geographer. And today, 30 years later, he is still so athletic, capable of so much work, so young in appearance, it is hard to believe he has lived so long.

As a first step in their progress toward the Power that Knowledge gives, Mr. Dingle wants to send to readers of this paper a 9,000-word treatise. He says the time has come for it to be released to the Western World, and offers to send it, free of cost or obligation, to sincere readers of this notice. For your free copy, address The Institute of Mental-physic, 213 South Hobart Blvd., Dept. X-523, Los Angeles 4, Calif. The Acme moved into the top spot in the Community Softball league Monday evening by trimming the American Legion outfit 8-3 in a game on the high school field.

In a snappy and well-played game the Elks knocked the VFW from first place with a costly 3-0 verdict on the college field. "Bud" Knox, manager of the Elks team, fell while rounding first base in the sixth inning and tore a tendon in his right leg and is now a patient in the Warner hospital where he was to undergo an operation today.

It was Knox's triple with two on base in the fourth inning which gave the Elks two runs and he later scored the final run. Artie Phiel hurried steadily for the winners and was given fine support by his teammates. Jack Berger and Ross Sachs divided the pitching for the Vets.

### Win 4th Straight

The Marketeers came up with three runs on some solid hitting in the sixth frame to gain their fourth straight victory at the expense of Knox's Grocery 5-4 in the opener on the college field. Bernie Stock led off the inning with a homerun to tie the count at 3-all. Woodward was the winning pitcher.

A six-run barrage in the third inning and a five-run attack in the sixth proved sufficient for the West End Aires to score a comparatively easy 12-3 victory over the Moore on the high school field. The winners collected 19 hits, four of which were by Carter, including two doubles.

They met halfway home and went to the nearest field and played the game. . . .

### IT MEX NO DIFFERENCE

The two rival pro football leagues, National and All America, are accusing each other of using "Mexican league" tactics in their recent player raids and counter-raids. . . . It seems this is the kind of fight in which neither contestant objects to hitting south of the border.

### SHORTS AND SHELLS

The Maywood, Ill., trotting track, which opens Thursday, only had stable room for half the 1,000 horses for which applications were made. But 500 nags is enough to cost you plenty of dough. . . . Oklahoma U. sold 2,500 season football tickets before the prices were even announced and the travel bureau that is running a tour to West Point for the army accepted 65 reservations before announcing the price. . . . Anvil Andy Farkas, who played eight seasons of big league football, is so set on staying retired that he isn't interested in coaching assignments. . . . Sweden's Lennart Strand received his formal education at a junior high and a trade school. . . . The North Carolina U. gridders received special kicking instruction this spring from Rev. Arnold A. Fenton. That is not a sign that Carl Snavely will depend on a punt and a prayer next fall.

### CLEANING THE CUFF

Joe Louis now is telling scribes he was "over trained" the first time he fought Billy Conn. For Billy, it was just over. . . . Barney Ross is going on the air with ex-sports writer Bob Brumby for a series of broadcasts from the Louis and Conn camps.

## INJURIES DIM DETROIT HOPES OF REPEATING

By JACK HAND

(Associated Press Sports Writer)  
Detroit's hopes of repeating as American league and world champions were mighty slim today as the result of a series of night game injuries that sidelined such key men as center fielder Hoot Evers, second baseman Eddie Mayo and pitcher Stubby Overmire for "from 10 days to two weeks."

Evers, one of the most promising newcomers to pop into the big show in many a day, appeared well on his way to winning the hard luck crown of 1946 with his second serious injury of the campaign—a broken jaw suffered last night in a collision with Mayo while chasing a fly ball at Griffith stadium. Mayo injured his chest and his left thigh. Both Evers and Mayo were carried off the field on stretchers and rushed to a Washington hospital, crashed while running for Dutch Leonard's short fly in the third inning.

### Lead Reversed

Overmire sprained his left hand sliding into second base in the fifth inning. The stubby lefthander left the game with a 4-3 lead that shortly turned into a 7-4 Washington triumph when the Nats scored four runs in the home half of the frame.

Not calculated to add any sunshine to the lives of Detroit followers was Boston's double triumph over Chicago's White Sox in which Dave (Boo) Ferriss, sophomore righthander, registered his ninth victory as the Red Sox defeated Chicago, 6-1.

The pale hose were even more helpless in the second game when Joe Dobson earned his sixth triumph with a five-hit, 5-2 verdict.

New York's Yankees turned on some old fashioned power—18 hits—to annihilate the St. Louis Browns, 12-2, behind Rookie Clarence Marshall.

Cleveland and Philadelphia split a pair at Shibe Park, the Athletics coming back to take the second, 3-2, behind Dick Fowler after losing the opener, 6-5, despite a four-run rally in the last of the ninth.

Third For Giants  
Mel Ott's New York Giants made it three in a row over the Cardinals in St. Louis, Willard Marshall's ninth inning homer with Buddy Blattner on base saving the day for the Giants, 5-4, after they had kicked away an early 3-1 lead.

The Phillies earned their fifth triumph in six games, drubbing Pittsburgh, 8-4, with a 16-hit attack featuring a 400-foot homer by Catcher Andy Seminick.

Brooklyn, although idle along with Boston, Chicago and Cincinnati, upped its first place margin to four full games by virtue of St. Louis' defeat.

## PORKY OLIVER LEADS FIELD IN ELIMINATIONS

By AUSTIN BEALMEAR

New York, June 4 (P)—A starting field of 172 golfers for the national open golf championship at Cleveland, Ohio, June 13-15, was completed today, pared down from an original entry list of 1,178 by a series of 25 qualifying tests covering all sections of the country.

Ninety-seven professionals and 33 amateurs survived the 36-hole preliminary trials yesterday and when the firing starts in earnest on Cleveland's Canterbury course they will be joined by 42 other players not required to qualify.

Ed (Porky) Oliver, 30-year-old Wilmington, Del., pro, led the way through the sectional grind with a brilliant 69-67—136 at Philadelphia knocking six strokes off par for the Manufacturers Golf and Country club layout.

### Former Champs Out

Three former national amateur champions and a smattering of other well known golfers found the competition too tough in this grand scale tuneup for the first open tournament since the 1941 affair at Fort Worth, Tex., some six months before Pearl Harbor.

Dick Chapman, amateur king in 1940, missed the qualifying bracket by ten strokes at White Plains, N. Y. George von Elm, the 1926 titleholder who has since turned pro, was two strokes off at Long Beach, Calif.

Harrison R. Johnson, who won the amateur crown in 1929, failed to qualify at Minneapolis, but managed to land an alternate spot.

Oliver's closest competitor—based on total scores—was Eddie Burke, Orange, Conn., pro, who fired a one-under-par 67-70—137 to lead the four qualifiers at Waterbury, Conn.

Howard Everitt of Philadelphia, low-scoring amateur of the day, and Claude Harmon, pro of the Winged Foot club at Mamaroneck, N. Y., came through with 139's.

### Harmon Leads Field

Everitt put together rounds of 68 and 71 at Philadelphia while Harmon followed his 73 with a 66 which clipped two strokes off the competitive course record to lead the field at the Metropolis Country club at White Plains.

Former Amateur Champion Willie Turnesa and ex-PGA titleholder Bob Hamilton were among the 17 qualifiers at White Plains, along with professionals Jimmy Demaret and Ellsworth Vines and Amateur Frank Strafaci, onetime public links king.

Thirteen former open champions, including defending titleholder Craig Wood, will be in the field at Cleveland. All were excused from qualifying.

British open Champion Dick Burton and Amateur Frank Stranahan of Toledo, Ohio, were not required to qualify, the latter because he played in the British amateur.

## Coffey Leads List In Pittsburgh Play

Pittsburgh, June 4 (P)—Rut Coffey, 39-year-old West Virginian who has been playing golf since he was 9, led the list of nine qualifiers for the U. S. National Open golf tournament in a sectional meet yesterday at the Oakmont Country club.

Coffey, pro at the Moundsville Country club, carded 77-75—152, eight over par, considered a good score on the water-soaked 6,981-yard course. He was two strokes ahead of the field.

He had only two sixes on his card all day.

Coffey is a veteran of 31 months as chief specialist in the navy. Before entering service, he was pro at the Winchester, Va., and Fountain Head Country clubs, the latter at Hagerstown, Md.

Tied for second place in the field of 96 starters were Dick Shoemaker, Alcoma Country club (Pittsburgh) pro; Barret Melvin, assistant pro to his father, Eddie, at the Wangan (Franklin) Country club; and Steve Kovach, Ligonier Country club pro. They shot 154's.

Philadelphia, June 4 (P)—Five young men and three giggling girls, described by police as apparently out for thrills as well as money, engineered four holdups early Monday. Two young

## Out Of The Past

From the Files of the  
Star and Sentinel and  
The Gettysburg Times

FIFTY YEARS AGO

Decoration Day: Gettysburg, a spot sacred to every loyal heart, was visited by thousands of people on the 30th of May. An additional attraction was the announcement that Governor Daniel H. Hastings was to be present to deliver the Memorial address.

The Chief Executive of the State arrived at the Philadelphia and Reading R. R. station at 10 a. m. He was met by a committee of Corporal Skelly Post No. 9, G. A. R., and escorted to Hotel Gettysburg—his headquarters for the day.

The members of St. Francis Xavier's Beneficial Society, carrying bouquets of flowers, and the Jr. Order of United American Mechanics, escorted by the Grand Army Band, marched down to Center Square and there entered the line of the procession. The children of the Parochial school marched to the Public School building and there formed into line with the children of the Public Schools—united in the noble work of decorating the graves of our Heroic Dead.

The parade was in charge of Capt. James Hersh, chief marshal, assisted by Wm. B. McIlhenny, Dr. H. Stewart, Robt. Miller, George F. Young, W. E. Zeigler, and Harry Holtzworth.

The parade went to the cemetery in the following order: Governor Hastings and Staff, Dr. H. W. McKnight, Rev. G. R. Glenn and Burgess Wible—Members of Town Council, Ladies Aid Society (in carriages), Daughters of Liberty (in carriages), Grand Army Band, Patriotic Order Sons of America, Junior Order of American Mechanics, St. Francis Xavier's Beneficial Society, Sons of Veterans, Corp. 3 Skelly Post No. 9, G. A. R., Visiting Comrades and ex-soldiers.

After the ceremonies connected with the strewing of flowers were finished, the procession moved up to the rostrum, where the Rev. G. R. Glenn opened the exercises with prayer. The Rev. H. W. McKnight introduced Governor Hastings, the orator of the day. The benediction was given by the Rev. A. R. Steck.

The Pennsylvania Sons of Veterans in Annual Encampment: The Sons of Veterans with the Ladies Aid Society attending them are holding their annual encampment here. There are about 350 delegates present.

On Monday evening, June 1, a reception and banquet were tendered to the representatives of the Ladies' Aid Society at the home of J. W. Garlach.

On Tuesday their regular business session commenced. In the evening a camp-fire was held in the Court House at which Mr. S. A. Hammond, of this place, presided.

The address of welcome was delivered by Wm. Hersh, Esq., Major Robbins and Mr. Calvin Hamilton were among the speakers.

On Wednesday the business session was continued. In the evening there was a parade in charge of Dr. H. Stewart as Commander, who rode at the head of the procession with the bravery and dignity of a general in full command. Our home company presented a fine appearance and were applauded for their excellent marching.

The Sons of Veterans finished their business meeting on Thursday morning and made a tour of the battlefield in the afternoon in company with members of the Ladies Aid Society, Capt. J. T. Long, acting as guide.

School Board: The School Board organized on Thursday evening by electing the following officers and teachers:

President, C. Wm. Troxell, of J. J. Secretary, Charles H. Ruff; Treasurer, J. Elmer Musselman; High School, Teachers: J. D. Hunter, principal, and Miss Helen P. Cope, assistant; A. Grammar, Miss Anna M. Hake; B. Grammar, Miss Hattie B. McGraw; C. Grammar, Miss Lizzie B. Rummel; 2nd Intermediate, Miss Ida E. Sheads; 1st Intermediate, Mrs. Mary E. ## Today's Talk

ON GIVING

There is no satisfaction in this world that pays such lavish dividends as does giving. The American soldier has set a fine example of the American character wherever stationed, as they have left a stream of smiling faces behind them, in the sharing of their rations with children and the hungry.

America is the greatest giver in the world today. It can afford to be, considering its abundance. What we waste alone could feed the hungry millions in foreign lands, torn and demolished by the cruel fate of war. Ex-President Herbert Hoover is doing a notable humanitarian task by seeking to arouse the American people—as well as all the peoples of this continent—to give of their abundance, that famine, disease, and pestilence may be impossible in this war-torn world. The need is so tragic that action cannot be delayed even for a single day.

All churches and an endless number of societies, are organized to receive your gifts to this noble cause, either in money or food. A continual stream of ships should be ever on the move from this continent to the needy of Europe and Asia. So, give! There can be no peace in the world so long as great numbers are hungry.

When you give something away, especially something that you would like to keep for yourself, the satisfaction that remains far outweighs what you give away. You transfer happiness. You give it wings.

It is human nature to accumulate. Possession becomes a habit. But the best habit is to share what you have with others. Then it becomes a mutual possession. Can you imagine what this world would be like if people would not only try to get along with one another but would try to see how they could benefit others, by dividing their knowledge, their gains, and their inheritances with?

I rarely borrow a book, but when I do, I like to return it with another that is a gift. I have discovered this is so unusual a procedure that it quite surprises the kind loaner. As a matter of fact, it is a surprise for the loaner of a book ever to see it again, anyway!

Tomorrow Mr. Adams will talk on the subject: "Never Say Die"

OPERATION

Oh, the sad and anxious faces when a loved one's facing Doom And has made that lonely journey to the operating room!

Oh, the tedious minutes dragging for the ones who wait below— The longest time and dearest that mortals ever know!

I've sat it through and struggled to think of cheering words to say. I've seen the worried loved ones turn their heads and look away.

For their minds were in a white room on the building's upper floor, And they had no heart for chatter till the surgeon's work was o'er.

Oh, the cries of exultation and the tears of gladness shed When the white-gowned doctor entered and "All's well!" to us he said.

"Now your anxious hours are over. It's good news I have to tell. Just a few more days of anguish, and then up again and well!"

## UNTOUCHABLES STIRRING INDIA BY NEW REVOLT

By DEWITT MACKENZIE

(AP Foreign Affairs Analyst)

The Government of Bombay has declared a state of emergency in its Central Mill district as the result of further bloody clashes between Caste Hindus and the lowly "Untouchables"—or outcasts—whose every presence is supposed to defile their betters.

These fresh disturbances would seem to have their inception in the belief among many Untouchables that the British Government's new proposals for Indian Independence don't make adequate provision for this depressed class. Former British Prime Minister Churchill, as leader of the Conservative party, has received a protest from an Indian group, declaring that the Government's program is a "shameful betrayal" of the Untouchables' cause, and has replied that his party will do its utmost to protect them. He adds:

"We shall take our stand on the broad principles set forth in the American declaration of Independence, that all men are born free and equal and entitled to life, liberty and pursuit of happiness."

Tragedy of the Untouchables. Actually the government's proposals do include provision for a bill of rights in the projected constitution to protect the Untouchables. However, I know from personal investigation in India that these unhappy folk want to be established in communities of their own so that they may escape a life that is worse than death, and achieve the status of human beings.

The world has known few tragedies so terrible as that of India's 60,000,000 Untouchables who for centuries have been condemned by the Hindu Caste system to live as Pariahs. That system with its innumerable ramifications permeates the whole structure of Indian society.

God made the untouchables like other men, but Caste challenges the Almighty and places this depressed class without the pale of human rights. They live outside the villages of Caste Hindus and perform the most menial tasks for their masters. Yet I've visited some of these pitiful people and have found them kindly folk who strive mightily to overcome their awful handicap and make as good homes as they can. 700,000 Villages

In order to get the full significance of this, you must know that there are in India 700,000 villages, unbelievable though that figure may seem. These villages are divided into two sections. There is the part inhabited by the Caste class, and outside that is the settlement of Untouchables representing about a tenth of the population.

The untouchables have no economic independence. They have no land and are dependent on the regular village for life. Because they are untouchable they can eke out an existence only by performing the lowest tasks. Under the code they are compelled to wear dirty clothing. They can't get water from the village well but must find it elsewhere. And so the horrid story of oppression runs.

Despite the handicap, an untouchable is one of the distinguished men of India. He is Dr. Ambedkar, who is champion of his people. His father was in the Indian army during a period when Untouchables were allowed to become soldiers, and so the son got a start on education. The late Gokhwar of Baroda, princely humanitarian, sent the young man to Columbia University in New York where Ambedkar obtained his doctorate.

"Look To America" I had a long talk with Dr. Ambedkar in his fine home in Delhi in 1943, and he told me his solution for the Untouchable problem. It was this:

"All these scattered settlements of Untouchables should be removed and regrouped into villages of their own. There is a lot of free land in India which can be cultivated. The government should provide the money and in twenty years the change could be made. We want to escape from perpetual slavery to the Hindus."

"This plan would abolish Untouchability. x x x That's what we want in the new constitution (This was three years ago). x x x We look to America to come to our rescue in the settlement of the Indian question."

## Injunction Move Holds Up Trading

Chicago, June 4 (AP)—Grain future trading on the Chicago Board of Trade was held up for an hour and a half Monday while a broken unsuccessfully sought an injunction against regulations which reversed previous rulings governing ceilings on old grain contracts.

Robert Buckley of Charles W. Buckley company, Chicago Commission house, obtained a temporary restraining order blocking trading before the world's largest grain exchange opened for business. Federal Judge Elwyn R. Shaw, however, refused to issue an injunction, ruling that Buckley could seek relief through a damage suit rather than by tying up grain operations.

The suit was based on board actions following an increase in ceiling prices of grain by the government.

## Boost Grants For Food Thru Relief

Harrisburg, June 4 (AP)—Approximately 245,000 Pennsylvanians on relief today enjoyed a new four per cent increase in food allowances allowed by the Department of Public Assistance to meet the rising cost of living.

Acting Secretary Robert P. Wray said the boost, effective last Saturday, will cost the Commonwealth an additional \$100,000 monthly and will apply to old age assistance, aid to dependent children and general assistance cases.

Approximately 13,000 blind persons who each receive pensions of \$40 monthly will not be affected.

## EXPECT HOGAN TO SET RECORD

Mamaroneck, N. Y., June 4 (AP)—Claude Harmon was back in the role of spectator and host pro today as the \$10,000 Goodall Round-robin Golf tourney went into its final 36 holes at the Winged Foot Golf club. This is the tourney to which Harmon wasn't invited. That fact was considered a distinct slight by the young Floridian and many of his club members, who felt his tournament record and his position as home pro entitled him to a spot.

Ben Hogan went into today's two final rounds of match play with a score of plus 36, meaning he had won 36 holes more than he had lost in matches with 10 opponents. He tangled with Jimmy Demaret and Hines this morning, and was to play Vic Ghezzi and Byron Nelson this afternoon.

By day's end, he was expected to be \$2,000 rich; to have won the Goodall for the second time, thereby becoming the first to do so, and to have set a new tournament record in points scored.

## Ex-Bank Official Will Be Sentenced

Williamsport, Pa., June 4 (AP)—Federal Judge Albert L. Watson set June 12 as the date when he will pronounce sentence on Percy L. Brooks, former secretary-treasurer of the Toga Savings and Trust company, who pleaded guilty to 17 counts charging violations of the National Banking Act.

Brooks was returned here yesterday from New York by FBI agents following his arrest in that city, shortly after bank examiners discovered that his books at the Wellsboro bank were short \$5,800 over a five to six year period.

## Road Commissioner To Receive Plaque

Harrisburg, June 4 (AP)—A silver plaque for "outstanding achievement in the world of travel" will be awarded to Thomas H. MacDonald, commissioner of the U. S. Public Roads Administration by the Pennsylvania Motor Federation Friday.

R. B. Maxwell, secretary-manager of the federation, said the award would be presented by Federation President Andrew J. Sordani at the group's annual banquet in Allentown.

Maxwell said the award was being given to MacDonald for "his vision and unselfish devotion to the task of creating and executing a plan for the building of the world's finest system of highways."

## SOFT COAL MEN WORKING; NEW STRIKE THREAT

(By The Associated Press) The nation's 400,000 bituminous miners returned to the soft coal pits Monday, 64 days after they had down their picks and shovels.

And the back-to-work movement promised normally again for fuel-starved industries and railroads.

The paralyzed steel industry immediately upped its production rate in the Pittsburgh area to 35 per cent of capacity for this week, although the magazine Steel estimated it would take "six to seven" weeks for resumption of normal output.

U. S. Steel corporation, hardest hit of the steel firms, ordered a gradual recall of its 41,000 workers idled by the soft coal walkout, but a company spokesman said it would take several weeks to get all employees back on their jobs.

Some bituminous diggers went back to the pits Friday and Saturday. AFL-United Mine Worker leaders toured the coal fields over the week-end explaining terms of the new contract that includes a welfare fund and an 18 1/2 cent hourly wage boost. Few mines today were slated to remain closed.

The soft coal strike began April 1 and continued unbroken save for a 12-day truce ordered by UMW Chief John L. Lewis. A third of the miners disregarded the truce and refused to dig.

Even as the soft coal miners returned to the pits, some 75,000 Pennsylvania anthracite diggers continued idle in a "no contract, no work" dispute. The shutdown began last Friday at midnight when the old agreement expired.

## Harrisburg Woman Held For Murder

Harrisburg, June 4 (AP)—Mrs. Ella Mae Merritt, 34, was held without bail in Dauphin county jail Monday on a charge of murder in connection with fatal stabbing of her husband, Police Chief Oscar L. Blough reported.

Blough declared their 14-year-old son, Dale, signed a statement which said the father, John C. Merritt, 38, ran into a butcher knife held by Mrs. Merritt at the height of a drunken altercation Saturday night. The Merritt family recently moved here from Georgia.

## 28th Division Pays Tribute To Its Dead

State College, Pa., June 4 (AP)—The 4,979 28th Division men who died in World Wars I and II were honored by their Pennsylvania buddies over the week-end as "heroes, one and all."

More than 200 veterans of the division—the Keystone State's own outfit—came from all sections of the commonwealth to participate in memorial services here yesterday led by former commanders of the unit.

The two commanders—Maj. Gen. Wm. G. Price, chief during World War I when it was known as the "Iron Division," and Maj. Gen. Norman D. Cota, who led the 28th in the recent conflict where it earned the name the "Bloody Bucket Division,"—placed floral wreaths on the memorial shrine at nearby Boalsburg.

The 28th Division society also memorialized Col. Theodore Davis Boal, founder of the Boalsburg Shrine, and Maj. Gen. Edward C. Shannon, past national commander of the society.

In Philadelphia Saturday night, 500 persons attended the division's annual reunion. Speakers included Gen. Omar N. Bradley, veterans' administrator; Governor Martin and Gen. Cota.

BUYS OWN CONTRACT

Pittsburgh, June 4 (AP)—Charles Burley, Pittsburgh middleweight, has bought his contract from his former manager, Maurice Lutsky, and will fight exclusively for the Rooney-McGinley boxing club, the fighter announced yesterday.

HELD UP

Gloucester, N. J., June 4 (AP)—Two masked men bound a 70-year-old nightwatchman early Monday and tried for half an hour to blow open a safe at the John R. Quigley lumber yard. After they fled empty handed, the watchman, John Cogan, walked to the home of a company employee, had his bonds removed and learned there wasn't anything of value in the safe and that it was unlocked anyway. The explosive blew off the handle and combination of the vault and locked it.

## FLOOD WATERS ARE RECEDING

(By The Associated Press) Rain-swollen rivers and creeks in Pennsylvania and New York flowed within their banks today.

The waters of big and small streams in the two-state area spilled out over a countryside in the past 10 days leaving tons of mud, silt and wreckage, thousands homeless and at least 19 dead.

Damage was estimated at more than \$3,500,000.

Two small eastern Pennsylvania communities—Lawrenceville and Lower Merion township—imported water supplies because their own stocks were polluted by the ravaging streams.

The Allegheny, Susquehanna, Schuylkill and Monongahela rivers and their tributaries caused most damage.

In Philadelphia, the U. S. weather bureau forecast fair and warmer weather.

## Shroyer Will Not Attend GOP Meeting

Shamokin, Pa., June 4 (AP)—John U. Shroyer, former secretary of highways, who was defeated for the Republican nomination for governor, will not attend the reorganization meeting of the GOP state committee at Philadelphia on June 8.

"Give me one good reason why I should attend," said Shroyer yesterday.

He explained that "I just happen to be the type of person who believes that what I said before still stands" and added that if he accepted an invitation to attend the meeting "I might have to make a speech."

Shroyer was defeated at the May 21 primary by Attorney General James H. Duff, who was supported

## Backfire by Rufus Heed

## Chapter 23

It wasn't Whitney's idea that she and the Count would have dinner together that evening. She had too much to do, too many plans to make. But he insisted and then, just as they were starting out in his car to go to a small bistro on the outskirts of town where the seafood was unusually good, he said something she could not brush off lightly.

"Whitney, I want you to marry me tomorrow."

She crushed her cigarette into the little ash tray on the side of the car. "Oh, Gregory, I can't—I'm not marrying anyone right now."

There he was, sitting beside her in the dark. The same wavy black hair, the same bold black eyes, with the same quiet way of taking her for granted, knowing he would understand her without many words of explanation. Seemingly nothing had changed—but Whitney knew there was a great difference between them now. She thought of the happy hours they had had together. At that moment they seemed very far away.

"But I must marry you this week. You belong to me, Baby." The low voice was urgent. "I may return to my country soon. I want to take you with me. We planned it that way—remember?"

"No, Gregory, that cannot work out for us. There are other things we have to do right away. Paul will be home in a few days. Make an appointment to meet him with your lawyers. Tell him the truth—that you know he wasn't cheating that night at Random Polly. Make the right answers. In that way you might be able to keep this whole wretched business out of the courts."

"I think that is something you have nothing to do with." His voice was suddenly hard and uncompromising.

"You mean you want me to keep out of this, is that it?"

"Yes."

"Why, Gregory? After all, I am engaged to Paul and it was my decision to take more time in—well, in making up my mind."

"To see if you would marry him—or would marry me," he interrupted eagerly. "That was a good decision. Baby. Now I say, you marry me—pronto!"

"Gregory, please take me back to my apartment."

"But the dinner at Michael's! It is all ordered. Your favorite chowder—lobster thermidor—"

Whitney gave a weary little sigh. "I'm so sorry, Gregory. But tonight I must say 'no.'"

Without more discussion he slowed down the car, waited for a traffic light, then slowly made a four-corner turn and headed the car back toward the city.

"Your slightest wish is my command," he said shortly and Whitney realized that that had always been one of the Count's great assets in her eyes. He had respected her decisions, even in little, unimportant matters. He never questioned her judgment. He liked her as she was, taking her suggestions in his stride.

At her apartment building fifteen minutes later, he walked with her into the lobby. When he spoke his voice was wary.

"Baby, the time is short. I will

call you in the morning. But I think we must hurry."

"Gregory," she flashed a quick smile at him. "I am not marrying you tomorrow—or any other time. I'm not marrying anyone. I want you to get that straight right now."

She saw the bitterness in his eyes.

"I guess that makes everything clear. Lucky at cards—unlucky at love. All right, Whitney. But that does not change my plans. Paul started this a long time ago, and by God, he's going to pay for it now."

He turned abruptly and stalked through the lobby to the street, leaving a very bewildered girl going up in the elevator to her apartment on the eighth floor. Once inside, she threw her coat and hat on the sofa in her diminutive living room and signaled the long distance operator on the telephone.

"Give me Charlottesville. I want to speak to John Armstrong. It's a person-to-person call."

Time passed. There were two calls from the operator who said they were trying to reach Mr. Armstrong, but he was not at home. More time passed. Whitney finally decided at eleven o'clock that she would go to bed and try to get Jack in the morning. Just as she was about ready to give the night man in the garage the order to get her car ready for an early morning start, about a quarter of twelve, the telephone rang again and it was Jack on the other end of the wire.

"What goes on?" he asked with a laugh when he heard her voice. "Good heavens, Whitney, don't tell me you've stirred up something else down there in Washington! Paul had us all by the ears when he was down here two weeks ago."

"I'm afraid it's more of the same thing, Jack." Whitney acknowledged hastily. "Maybe I'm starting in where Paul left off."

"What gives? Paul was certainly in a dither about that law suit."

"That's what I've called you about, Jack. I'm coming to Charlottesville tomorrow."

"Well! That's what I call a break. Come right up to the house. Mother will give you some of the best cooking you can get in the South."

"Thanks a million, Jack, but I'm staying at the Country Club. It's always been one of my favorites. Maybe it's the influence of Thomas Jefferson on my troubled conscience. But I do want to rummage through your garret—attic to you!"

She heard the surprise in Jack's voice as he answered her. "But of course, Whitney," there was a pause, then she heard him say slowly, "Come over, by all means. Maybe you can find it. Mother says men can never find anything in a house—this one, especially. Paul and I sure tried. Maybe you'll turn the trick. Telephone me in the morning, and I'll come for you in the car. I started driving last week."

It was nearly three o'clock when she finally fell asleep.

## NEW THREATS BY PETRILLO

St. Petersburg, Fla., June 4 (AP)—James C. Petrillo, fiery chief of the American Federation of Musicians, has threatened to halt all radio network broadcasts if the United States Supreme Court upholds the constitutionality of the Lea bill, limiting the musicians' right to strike.

The union leader, in a vigorous attack on the bill before the annual AFM convention yesterday asserted that he had seen to it that agree-

ments with broadcasters in New York, Chicago, and Los Angeles, where network programs originate, would expire on the same date—January 1, 1947.

"If the Supreme Court rules the Lea bill constitutional," Petrillo declared, "the small stations won't get any music because these three locals will agree to play locally only."

Petrillo also threatened to halt the making of all recordings and transcriptions if Congress passes legislation prohibiting the AFM from collecting royalties on them.

"We want justice and we're going to get it," Petrillo promised the cheering delegates in his opening speech. "You all have too much red

blood in your veins to say, 'Petrillo, sit down and take it.'"

Before the war, there were about 25,000 privately owned airplanes in the United States.

## MONARCHY SEEN LOSING SUPPORT IN REFERENDUM

Rome, June 4 (AP)—Forces favoring the establishment of a republic appeared to be building up a commanding lead today as Italian officials completed the tabulation of approximately one-quarter of the votes cast in this nation's two-day elections.

A semi-official tabulation of approximately 10 per cent of the 25,000,000 votes estimated to have been cast showed the republic leading the monarchy almost two to one.

In addition, results from 25 per cent of the ballots cast in the concurrent voting for a constituent assembly showed the middle-of-the-road Christian Democrats, headed by Premier Alcide de Gasperi, in first place, with the Communists and Socialists battling it out for second.

**Sectional Voting**

Since all three of these parties, together with the Republicans, are committed to the establishment of a republic, election experts of the ministry of the interior said they decided that the republic proposal was well in the lead.

Returns from 9,167 out of 35,236 balloting places gave the Christian Democrats 2,054,338 votes, Socialists 1,364,742 and Communists, 1,227,859.

It was emphasized, however, that most of the reported vote was from northern industrial Italy, Republican stronghold, and that the agricultural south, traditionally loyal to the House of Savoy, could upset the calculations.

The moderate Democratic National Union was running a poor fourth with 267,819 votes. The Republicans and the controversial "common man" movement, accused of Fascist tendencies, followed with 219,902 and 210,199 votes, respectively.

The ministry of the interior said complete results on the assembly voting might be known by nightfall, but that results of the monarchy referendum would not be announced until after the assembly vote "to maintain public order."

## Scranton Takes Two, And Is Out In Front

(By The Associated Press)

The Scranton Miners were two and a half games in front in the Eastern league pennant race today by virtue of a double victory over the Hartford Laurels while the second place Wilkes-Barre Barons were dropping a pair to the Albany Senators.

With the leadership at stake, a crowd of 4,249 saw the Miners turn back a Hartford bid last night (Monday) behind two good pitching performances by Lefty Jack Thompson and 17-year-old Maurice McDermott, 7 to 0 and 7 to 1.

The Albany Senators, strengthened by the arrival of two former stars, Outfielders Bill Rodgers and Clark Henry, turned back the Barons at Wilkes-Barre by scores of 4 to 3 and 3 to 0.

In other games, Utica shut out Williamsport in the opener of a twin bill at Utica, 2 to 0, but dropped the second contest, 8 to 5, and Binghamton edged Elmira, 5 to 4.

Tonight's schedule: Elmira at Binghamton, Albany at Wilkes-Barre (2), Williamsport at Utica (2), Hartford at Scranton.

## Christian Scientists In Annual Meeting

Until all responsible government heads are made to realize that the measure of a nation's true greatness is the spiritual stature of its people, rather than its physical resources, there can be no end to the conflict between materially mental forces that precipitated World War II. The Christian Science Board of Directors told the annual meeting of The Mother Church, The First Church of Christ, Scientist, in Boston.

## Communities Get Post War Grants

Harrisburg, June 4 (AP)—Several Pennsylvania communities received cash grants today from the Post-war Planning Commission to match the cost of plans for projects ranging from sewer systems to school buildings.

The projects and the amount of the grants include:

Beaver county—Beaver, new water supply, \$1,698; New Brighton, garbage incinerator, \$1,000; Borough township, new water system, \$1,050; Patterson Heights, street improvements, \$1,000, and East Rochester, street improvements, \$450.

Clearfield county—Dubois, public park and play field, \$1,140. Clinton county—Lock Haven, storm sewers, \$2,000.

Lawrence county—New Castle school district, addition to school, \$5,385, and New Castle, new city building, \$3,000.

Mercer county—Hickory township, sewer system, \$300.

Massachusetts, Monday.

The time has come, the Directors affirmed, when representatives of all social and religious systems are being called upon to give something more convincing than promises, preachments and paganistic pagancies to sustain the faith of their fellows, and to provide for a lasting peace.

Announcement of the appointment of Luther Phillips Cudworth, C.S.B., of Boston, as President of The Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts, was made Monday by The Christian Science Board of Directors.

## House To Debate 3 State Projects

(AP Special Washington Service)

Washington, June 4 (AP)—Three Pennsylvania projects are included in an omnibus billion-dollar Rivers and Harbors Authorization Bill scheduled for House debate today.

Two, costing \$14,869,000 affect the Schuylkill river. The third is for a \$54,000 project in the Delaware river near Blles Creek, Pa., designed to provide an anchorage for the Pennsylvania Maritime academy.

The Schuylkill river projects for which authorization is sought so that funds can be provided under separate legislation include:

1. A \$12,895,000 dredging program above the Fairmount dam at Philadelphia to remove silt from the coal-black river. This project would be contingent upon the state enforcing anti-pollution measures against future silt deposits.

2. A \$2,024,000 dredging program between the Delaware river mouth of the Schuylkill and the University Avenue bridge, including the restoration of channel depths of 33 feet.

BOARD REAPPOINTED

Harrisburg, June 4 (AP)—Three members of the State Planning board, whose terms had expired, were reappointed to the board by Governor Martin.

They were Miles Horst, of Lebanon, state secretary of agriculture; Col. J. Hale Steinman, Lancaster publisher; and Mrs. Sarah Barkley Anderson, of Grove City. The positions pay no compensation.

**Anything that helps Pennsylvania helps you**

"Made in Pennsylvania" — the phrase strikes home. Narrow it down, make it read "Adams County."

This is what you are interested in. You want the proper label put on the product you helped create. You want your community, the community in which you live, to be recognized as having a part in creating something the world uses.

Narrow down another fact—that the more you talk about your community, your State, the better your community will be, the better your State will be.

Let's tell each other and the world about Pennsylvania—what we have and what we can do; our beauty, our skill, our enterprise, our remarkable history of success and growth in business, industry and agriculture, our advantages for good living.

At this moment a campaign for the promotion of all Pennsylvania is under way.

It is a campaign in which you have a vital part.

Every community needs a new slant on its own resources—its assets—its opportunities—and its liabilities, for they exist, too. This local information is vital to your progress. It must be exact and complete.

With that as a start, we can all go ahead. We can encourage business and industry to expand their operations here and everywhere in this State.

And we can create a confidence in Pennsylvania's future in every city, town and village—the confidence that our young men and women need to begin here at home the enterprises that will make our future.

Continued jobs and opportunities for Pennsylvania's 800,000 service men and women—for all our four million workers—depend on you here in this county, and in this community; and your future depends on a full use of Pennsylvania's unique advantages, resources, opportunities.

Now is the time for action.

We can talk about our communities. We can talk about Pennsylvania. We can help the Pennsylvania Progress Promotional Campaign, by joining the movement, by helping to boost Pennsylvania, by inviting people to come to Pennsylvania, by inviting them to stay.

"Anything that helps Pennsylvania helps you."
